ABOUT MARASI MARINE

MARASI MARINE was Established in 2012 with more than 10 years of experience. It is classified as one of the leading Companies in offshore diving, ROV services, civil marine, and harbor works (in the Middle East zone).

MARASI MARINE has full ability and qualification to perform its activities in the red sea and Arabian Gulf Zones.

MARASI MARINE ARABIAN provides engineering expertise, modern equipment, and the latest technology for marine, diving, and sub-sea field works. This is to support our clients, for any sub-sea engineering projects, with very high-quality performance and safe manner according to international standards and regulations.

MARASI MARINE is well placed globally to offer immediate support and services to clients in its zone of activities.
